28
Italian design inside and out
At Pininfarina, what's on the inside counts as much as the company's radical exterior signature

42
Please the people
frog may include the word 'design' in its title, but the business is far broader than that. It is more of a solutions provider to its varied clientele

technology

46
Continuous improvement
Radical thinking moves off the interior safety agenda, replaced by a desire to improve that which we already have

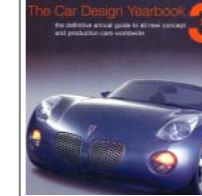

54
Sitting comfortably?
Seats are coming under scrutiny as designers seek to remove areas of excess in the car interior

58
What people want
When consumers discuss craftsmanship in an age of highly specified, mass production what exactly are they talking about?

Defining icons
Two new auto design books map the past and the future

emotional eye

64
Facing the rear
Don Norman is concerned about the antisocial nature of the seat layout in cars. Why can't we turn around the front passenger seat for improved social discourse?

outside view

66
Rising, sparkling consumers
All the talk is of the new Chinese Empire and China is determined to achieve it through its curious communist/capitalist blend. Geoff Hollington catches the reflection
