## news

6

A round up of global news from the world of automotive design and an update on the Interior Motives Design Awards 2004

## inside view

12

**Urban DNA**  
While Ford is breathing new life into its interior designs, Marek Reichman is providing the new blood

28

**As nature intended**  
Chris Bangle is a design chief often misunderstood by his critics. He talks from the soul about form and function

## in concept

16

**Nature's influence**  
Renault's Fluence concept coupé is an elegant achievement based on the simple pleasure of movement. Patrick le Quément talks about the relationship between people and objects

## outside influence

38

**The 2035 Audi**  
With its robot-proof RSQ concept, Audi has dreamed up a car for the future and driven it straight onto the silver screen

56

**Architecture**  
Automobiles and buildings usually travel in different directions but moves are being made to put the disciplines on the same track

## inside design

22

**It's a real Mercedes now**  
Taking quality cues from its older C-Class sibling, the new Mercedes A-class is a more mature vehicle altogether these days

32

**Going Dutch**  
With its elegant shape and striking detail the new Spyker C8 is putting Holland on the auto design map. We talk to Spyker's creative chief Dr Maarten de Bruijn

## technology

48

**Pole position**  
Staying in control of a Formula One car is a hands-on job. We get a grip on the latest steering wheel technology at Jaguar Racing

52

**Pixel juice**  
Toyota has produced a concept more animated than the norm for the youth market

60

**Touch sensitive**  
At the University of Bonn research into a new kind of body language is taking the distraction out of the driving experience. Or is it?

## studio

44

**Total Arnage**  
Quality is made to order at Bentley's Mulliner Park Ward studios and when it comes to luxury they believe the customer is always right

## icon

62

**Model cars**  
An inquiring mind is a good thing to have when you are a designer and for Dirk van Braeckel fast cars have all the answers

## emotional eye

64

**Only human**  
Simple design is a virtue but it often seems the design world is gripped by the technophile's vice, writes Don Norman

## outside view

66

**Leading from behind**  
With fin de siècle modernism informing product design it seems car design is stuck in the past but not far enough behind the times, writes Geoff Hollington
